“Engineers Yukon Texas 9 Hole Scramble Rules”

1. Each team will normally consist of four players. If there are less than 4 players, the group can take up to 4 shots at each shot location, sharing the shots evenly.
2. All players tee off at each hole.
3. The team captain then selects the best drive and marks the position (within 3 feet). A minimum of 1 tee shot per player to be used in the 9 hole Scramble.
4. The other players then retrieve their balls.
5. All players play within 3 feet of original location.
6. The above method of play is followed until the green is reached.

On the green the same method applies. The ball chosen is marked and players putt from about the same spot in turn.
