

Project Manager – Whitehorse Yukon

Established in 1987, Yukon Energy (YEC) is a publicly owned electrical utility that operates as a business, at arm's length from the Yukon Government. It is the main generator and transmitter of electrical energy in the territory. Our plant facilities are on the Traditional Territory of Yukon First Nations. There are 14 First Nation in the territory and we work within these Traditional Territories in all of our business operations.

The opportunity exists for a project manager professional to join Yukon Energy as Project Manager, reporting to the Capital Program Manager. The Project Manager will coordinate, implement and complete projects related to the refurbishment or replacement of the Corporations Utility assets safety and efficiently.

The ideal candidate will have a degree in Engineering; Health & Safety/ Environmental certification and Project Management Designation would be an asset; 7+ years of working experience as a Project Manager on power related projects; demonstrated knowledge of the Project Management Institute (PMI) body of knowledge; experience with industry related scheduling systems including Smartsheet and demonstrated experience in procurement procedures; excellent leadership, planning and organization and problem solving skills.

Located in the capital of Canada's spectacular Yukon Territory, this is an exciting opportunity to join a dynamic corporation where you will be a part of creating an electricity infrastructure for generations to come with Yukon Energy.
