

YUKON AREA REGIONAL MANAGER

Introduction

Clean Energy Consulting (CEC) is a well-established BC company with offices in BC and the Yukon, dedicated to building outstanding projects. With involvement at all stages of project development, we strive to better understand and fully accomplish the desired project outcomes for our clients. Our self-directed, hands-on team enjoys the opportunity to be involved from concept through to operation. This allows our team to learn and improve while providing ongoing challenges and opportunities for development.

Summary

CEC is searching for an entrepreneurial engineering professional to drive their business in the Yukon. This is an opportunity where the successful candidate will own energy related projects in a variety of sectors from start to finish, delivering a wide range of services that benefit both the clients' bottom line and the environment. The Regional Manager will grow, lead, and mentor the team, doing so in a city that is accessible, affordable, and offers an extensive list of urban amenities. Business Development will also be a significant part of the role.

Duties and Responsibilities

- Lead the local business unit
- Deliver project services as a key technical resource and promote the company through business development efforts
- Manage performance and operations as the office delivers a mix of engineering consulting and project management services
- Build work plans and supervise the services delivered by the team
- Connecting with a wide range of clients to see the ways in which CEC can be of value to them
- Travel to project sites may be required

Qualifications, Skills and Experience

- Registered or eligible for registration with Yukon Engineers
- 10 or more years of experience in consulting engineering and project management
- People management, project management, and business development skills will be required
- "Seller-doer" experience would be ideal
- Must be legally permitted to work in Canada – either as a citizen or a permanent resident
- Displays superior communication and interpersonal skills, a high level of initiative, a strong work ethic, and the ability to work well under pressure
- Displays a high degree of accuracy and attention to detail in completion of tasks
- Ability to deal with clients, employees, and others in a diplomatic and tactful fashion
- Knowledge of Microsoft Office software, particularly Excel and Word

The position is based in our Whitehorse office. CEC offers a professional and engaging work environment with competitive compensation and benefits packages.

Please forward a resume with cover letter in PDF format by email to: careers@cleanenergyconsulting.ca with the subject "Yukon Area Regional Manager Position". We thank all applicants for their interest; however, only applicants who are being considered will be contacted.
